

## GARMENT STORAGE CABINET

## TECHNICAL SPECIFICATIONS

- **Pharmaceutical industries**

For storing sterile garments.

- **Biotechnology & Research Labs**

Safe storage of lab coats and cleanroom clothing.

- **Hospitals & Healthcare Facilities**

Storage of surgical gowns and protective wear.

- **Electronics & Semiconductor Industry**

For contamination-free garment storage.

- **Food & Beverage Industry**

To maintain hygiene standards in production areas.

## KEY FEATURES

### **Stainless Steel Construction (SS 304/316)**

- Smooth, corrosion-resistant, and easy-to-clean surface.
- Fully GMP-compliant with rounded corners.

### **HEPA / Pre-Filter Air Circulation**

- Continuous circulation of clean, filtered air inside the cabinet.
- Keeps garments free from dust, lint, and microbial contamination.

### **UV Germicidal Lamp (Optional)**

- Ensures sterilization of garments when stored.
- Provided with interlock to prevent accidental UV exposure.

### **Hanging & Storage System**

- Stainless steel rods, shelves, and hooks for organized storage of gowns, aprons, masks, and caps.

### **Airflow System**

- Vertical airflow to maintain cleanliness inside cabinet.

### **Lockable Transparent Doors**

- Acrylic/Glass doors with magnetic gasket for visibility & dust-proof sealing.

### **Illumination**

- Energy-efficient LED/fluorescent light for clear visibility of stored garments.

- **Ergonomic & Modular Design**  
Available in wall-mounted, floor-standing, or custom built sizes.  
Compact and space-saving design.
- **Mobility (Optional)**  
Can be supplied with caster wheels for easy movement.
- **Low Noise Blower**  
Operates at low noise levels (<65 dB).
- **Regulatory Compliance**  
Meets GMP, ISO, FDA, WHO cleanroom and pharmaceutical standards.

## TECHNICAL SPECIFICATIONS

Parameter	Details
<b>MOC</b>	MS Powder Coated / SS 304 / SS 316
<b>Available Sizes</b>	Standard: 2' x 2' x 6' / 3' x 2' x 6' / 4' x 2' x 6' (Custom sizes available)
<b>Model No</b>	PTE- GSC-822
<b>Shelving System</b>	Adjustable shelves / hanger rods
<b>Door Type</b>	Sliding / Hinged, with transparent acrylic or glass view panel
<b>Air Filtration</b>	HEPA Filter with blower unit for clean air circulation (Optional)
<b>UV Light</b>	1 x 15W / 30W
<b>Illumination</b>	LED/Fluorescent tube light
<b>Power Supply</b>	230V AC, 50Hz
<b>Control Panel</b>	On/Off switch for UV & light, timer (optional)
<b>Mobility</b>	Fixed / Castor wheels (as required)
<b>Power Supply</b>	220/230 Hz
